Dirty Girl

Bruce Kulick

She's so intoxicating
I hate the games she's playing
I don't know what time it is anymore

She always keeps me waiting
I'm anticipating
The way she makes me crazy

You're such a dirty girl
You know I hold the key to your heart
I'll take you round the world
Come on and let me show you

If you take some time
To find the right direction
If you waste your mind
You'll never feel my affection
If you wait, don't you know
You will never feel love
You'll never feel love
Cause it's never enough

She's constantly complaining
She's always entertaining
Things that make her eyes light up her world

Her love is always faithless
She's wearing out my patience
I can't controlmy feelings

You're such a dirty girl
You know I hold the key to your heart
I'll take you round the world
Come on and let me show you

If you take some time
To find the right direction
If you waste your mind
You'll never feel my affection
If you wait, don't you know
You will never feel love
You'll never feel love
Cause it's never enough

If you take some time
To find the right direction
If you waste your mind
You'll never feel my affection
If you wait, don't you know
You will never feel love
You'll never feel love
It's never enough
