

Heaven is Here

2 Brothers on the 4th Floor

Heaven is here

Heaven!
Heaven is here
Heaven!
Heaven is here

Heaven is here, boy, don't you see?
Right in your arms is where I wanna be
Whenever you're near heaven is here
Heaven is here

Heaven!

So long I have been tryin'
I'm gonna reach for the sky
But there's now, now that I've found it
Baby, you're the reason why

I've been searching high and low
I've been running high and low
I'm caught up in your flow!
Say that you'll never go

Heaven is here, boy, don't you see?
Right in your arms is where I wanna be
Whenever you're near heaven is here
Heaven is here

Heaven!

I'm loving you, give me devotion
Give me everything that I need
I love you, oh, give me affection
Yeah, you make my life complete, ohohoho

I'm so in love with you
I will always be there for you
Baby, I will fly for you
Yeah, it's true

Heaven is here, boy, don't you see?
Right in your arms is where I wanna be
Whenever you're near heaven is here
Heaven is here

Heaven!
Heaven is here
Heaven!
Heaven is here
