

I Can't Believe It

2 Brothers on the 4th Floor

Full in effect
No, it's not over
I'm on the mic rock like I told you
D-Rock with the masterplan in command
You wanna party dance
Now because time is ticking
Hype on the is how I'm living in
Giving my all to you
Flow with the flow you know why in to
The sea of hit house 'cause I'm large
Move to the groove, I'm in charge
Yes, the party is pumping
..... try to do something
Crazy baby on the floor
Jump and pump if you want more
..... to hit like I told you
I can't believe it's almost over

I, I can't believe it's over, oh oh
I, I can't believe it's over, oh oh
I, I, I, I, I can't believe it
I, I, I, I, I can't believe it
I, I, I, I, I can't believe it
I, I, I, I, I can't believe it

ABCD, R.O.C.K. - yeah, that's me
Exercising, mesmerizing
2 Brothers in a place arising
To the top, no I won't stop
Hot like steel to make you feel
The deal and it's for your pleasure
Take a ride on this adventure
Trip with the bass in your face
Stand on my own the case
Like a detective
You wanna get this
Open your ears boy
And witness
Hit house with a new creation
Guarantee to rock generations
..... to hit like I told you
I can't believe it's almost over

Time is running out so listen
Pay attention, don't miss the crew
With the new
Down with the sound so hype you've got to
Move your body have some
Throw your hands in the air and party
Yeah, that's the way to do it
Obey my command and move it
Quickly but yo don't miss me
Count to five and the bass will hit me
Hot like a rock rolling and rolling
Once again it's the mic I'm holding
For the final rhyme always on time
This house is mine

..... to hit like I told you
I can't believe it's almost over
