

No Lie

2 Chainz

I am smoking on that gas
Life should be on Cinemax

Who he's, not I, I smoke strong, that Popeye
Louie V's in my archives, black diamonds, apartheid
Bread up and my top down
On the block with a block out
Hit ya ass with that block out
Throwin' up that go in ya nostril
I take ya girl and kidnap her
Beat her to my mattress
A skeleton in my closet
It's probably one of these dead ass rappers
It's probably one of these pussy ass niggas
Don't try me I pull that trigger
Got ya car note in my car
And your rent in my swisha
That pussy so good I miss ya
Head game's so vicious
And all I get is cheese
Like I'm taking pictures

I say fuck you, less I'm wit' ya
If I take you out of the picture
I know real nigga won't miss ya
No lie, no lie, no lie-ee-i-ee-i
No lie, no lie, no lie-ee-i-ee-i
Real nigga, say word, he aint never told no lie
He aint never told no lie
Real nigga say word, he aint never told no lie

2 Chainz and Champagne
You want true, that's true enough
Forbes list like every year
My office is my tour bus
She came through, she brought food
She got fucked, she knew wassup
She think I'm the realest out
And I say "damn, that makes two of us"
Aww that look like what's her name
Chances are it is what's her name
Chances are, if she was acting up
Then I fucked her once and never fucked again
She could have a Grammy, I still treat her ass like a
nominee
Just need to know what that pussy like so one time it's
fine with me
Young ass, an intern, with money like I build the shit
Streets talking that confirm

Go ask them who just killed this shit
Stay keeping my cup full so I'm extra charged like a
state tax
Me an Chainz go way back
We don't talk shit, we just say facts

I say fuck you, less I'm wit' ya
If I take you out of the picture
I know real niggas won't miss ya
No lie, no lie, no lie-ee-i-ee-i
No lie, no lie, no lie-ee-i-ee-i
Real nigga say word, he aint never told no lie
He aint never told no lie
Real nigga say word, he aint never told no lie
