

Nappy King Blues

22-Pistepirkko

When I was a nappy king
Then I was a happy king
When I was a nappy king

When I was a nappy king
Then I was a happy king
When I was a nappy king

When I was a nappy king
Still was my bellys swing
Me and pals was having chill

I can't see me anymore
I can't hear if I lie
Doing it like elbow lyle

I can see me near the moon
I can see I live a low
Gotta stop this dream of bow
