Nappy King Blues

22-Pistepirkko

When I was a nappy king Then I was a happy king When I was a nappy king When I was a nappy king

Then I was a happy king When I was a nappy king

When I was a nappy king Still was my bellys swing Me and pals was having chill

I can't see me anymore I can't hear if I lie Doing it like elbow lyle

I can see me near the moon I can see I live a low Gotta stop this dream of bow
