

Haterz Be Damned

25 Ta Life

Crucified by your lies
Spit on
Crossed out
Forgotten
Despised
Once loved now left behind

For those of you
That have been low
You know how it goes

You're the closest thing
That I've come to liking
And I can't stand you

Haterz be damned

Wish you all the worst of luck
And when it all goes wrong
Think of me

Haterz be damned
