

Mary

2AM Club

Two cop cars
Man I'm in trouble
Or maybe it's just one
I swear I'm seeing double
I swear I'm seeing stars
Are we on a shuttle?
Kiss you on the lips
We the perfect couple (Girl I love you)

She got me on cloud nine
She hotter than the sunshine
Got me burning up the whole night
Now we running through the bloodshot red light
Now they chasing me like woop, woop
They chasing me like woop, woop
Chasing, chasing, chasing, chasing me like woop, woop
Chasing, chasing me like woop, woop

Yeah there's something 'bout Mary got me high up
Oh yeah there's something 'bout the way she make me light up
She make me oooohhhh ohh ohh
She make me oooohhhh ohh ohh
Yeah there's something 'bout Mary on fire
She can be my love, my number one supplier
She make me oooohhhh ohh ohh
She make me oooohhhh ohh ohh

So I got this chick
She a stress killer
Everybody want her
Ain't nobody realer
She don't need no filler
High grade smooth
And every time you with her
She fill up the room

She got me on cloud nine
She hotter than the sunshine
Got me burning up the whole night
Now we running through the bloodshot red light
Now they chasing me like woop, woop
They chasing me like woop, woop
Chasing, chasing, chasing, chasing me like woop, woop
Chasing, chasing me like woop, woop

Yeah there's something 'bout Mary got me high up
Oh yeah there's something 'bout the way she make me light up
She make me oooohhhh ohh ohh
She make me oooohhhh ohh ohh
Yeah there's something 'bout Mary on fire
She can be my love, my number one supplier
She make me oooohhhh ohh ohh
She make me oooohhhh ohh ohh

Miss Mary Jane, Jane, Jane
All dressed in green, green, green
Miss Mary Jane, Jane, Jane

All on my brain, brain, brain

I love you, I love you with all I got
Shit I ain't got no job and I don't want one
Cause I got you

Yeah there's something 'bout Mary got me high up
She make me oooohhhh ohh ohh
She make me oooohhhh ohh ohh
Yeah there's something 'bout Mary on fire
She can be my love, my number one supplier
She make me oooohhhh ohh ohh
She make me oooohhhh ohh ohh
