

Before We Say Goodbye

2gether

Before we say goodbye
before we turn and walk away
let's give it one more try
before we say goodbye

Before we close the door
before we go our separate way
stop & find out why
before we say goodbye

We've been down this road before
& we always made it through
but in case we break up
can I still have sex with you

Before we lose this love
before we throw it all away
girl, don't do another guy
before we say goodbye

Oh no...
Ooh...
Don't wanna say goodbye
before we say goodbye

We've been down this road before
& we always made it through
but in case we break up
can I still have sex with you

Before we lose this love
before we throw it all away
girl, don't do another guy
before we say goodbye

Let's give it one more try
before we say goodbye

Ooh... ooh... ooh...
before we say goodbye
please don't say goodbye
Ooh, oh no you make me cry
Ooh... ooh...
before we say goodbye
Ooh... don't say goodbye
Ooh... ooh... before we say goodbye
