

That's When I'll Be Gone

2gether

Girl, I think you really know me
But you're afraid to trust me
Stop doubting my intentions
Why, why don't you believe me
There must be something
You don't wanna mention

I should've shouted from the mountain top
My neverending love
That's what you've got

When the sun don't shine
& the moon won't glow
When the rain don't fall
when the wind don't blow
When the earth won't spin
& it's standing still
That's when I'll be gone

I ain't going nowhere
Not if you won't be there
I ain't going nowhere without you

You, you're my inspiration
My only motivation
I have ever needed
Dreams, you know I've got one baby
You & me forever
Let me just repeat it

I told you, you can always count on me
What can I do
To put your mind at ease

When the sun don't shine
& the moon won't glow
When the rain don't fall
when the wind don't blow
When the earth won't spin
& it's standing still
That's when I'll be gone

When the river dries
& the oceans part
When there's not one beat in a single heart
That's when I will stop, stop
Stop loving you
That's when I'll be gone

I ain't going nowhere
Not if you won't be there
I ain't going nowhere without you

When the stars disappear
That's when I won't be near
I knew the day I started
I'd always be there for you

Make no mistake
Baby, love is here

'Cause we are all one,
the same through & through
I'm here for you, girl don't be blue
Listen to me, here's what we'll do

When the sun don't shine
& the moon won't glow
When the rain don't fall
when the wind don't blow
That's when I will stop, stop
Stop loving you
That's when I'll be gone

I ain't going nowhere
Not if you won't be there
I ain't going nowhere without you

When the river dries
& the oceans part
When there's not one beat in a single heart
That's when I will stop, stop
Stop loving you
That's when I'll be gone
