

# My Burnin' Heart

2pac

I lay awake tonight because I wanna be with you  
If you were beside me I'd playfully kiss you  
Each time I see ya, the feeling gets stronger  
You sit a bit closer, we stare a lot longer  
Reach for my drink and for a second we touch  
Words are muttered I stutter 'cause I want you that much  
The situation is a no win 'cause he's my bestfriend  
But now I'm guilty, I'm fallin' for his girlfriend

I know it's wrong but my heart is filled with purity  
I offer passion but he offers security  
It's like a trap that I'm sinking into  
I wake up sweaty when I'm sleepin' 'cause I'm thinking of you  
Then we make eye contact and I can't hold back  
I try to shake it but the feeling comes right back  
What have I gotten into, I feel possessed by you  
I have these thoughts at night of undressing you

It's kinda obvious blind men might see it  
But he doesn't so he keeps on trusting me  
Leaves me alone with you while he's on vacation  
Well how could he leave me with this temptation  
Now I'm confused 'cause I'm no Casanova  
But you keep callin' you sayin' to comeover  
Now what do I do? Go or stay and play it smart  
It's gettin' rougher 'cause I suffer from a burnin' heart

My burnin' heart

Girl, you are my one and only  
You are my angel and now you wanna leave me lonely  
What did I do? Baby, did I treat you bad?  
My heart is broken and now you make me sad  
I remember, when this love affair first started  
We was so in love and now we are departed  
Girl, I buy you anything your heart desires  
I have to let you know, baby, you're my fire

Warm and wet each kiss is prolonged  
This sweet caress that makes Rock T strong  
Just being with you and seeing the two of us  
Walking along the beach 'cause, girl, you are my peach  
So sweet and tender my love I surrender  
No need to pretend that you want it to end  
I'll never let you go you're forever my girl  
You know why? 'Cause girl, you are my world

My burnin' heart

Totally tongue tied every two seconds I keep watching you  
He's my best friend but I can't help clockin' you  
How could this be, how could we both love you?  
Now I'm trapped in this position and don't know what to do  
I could forget about you, pretend that we never met  
But when I'm here without you, I start to heavily sweat  
You give me looks that reenforce upon the sores that's already there  
So many times my mind was locked up and we passionately stare

Play the role like you don't matter, he swears that we hate each other  
But in reality we can't wait to taste each other  
You're my addiction 'cause I fiend for you desperatley  
I stand here fantasicing because you're next to me  
What can I do with this passion I feel  
It's too hard to conceal so I know it's for real  
Watched you so many times, I know where every curve is  
I think you reads my mind and so I'm feelin' nervous

I wanna tell you how I feel but that wouldn't help  
It would only cause problems so I keep to myself  
Even though it drives me crazy to see you sitting with him  
A tear rolls down my cheak because I see you kiss him  
I know the words you're saying before they can be said  
Hear the thoughts you be thinkin' before they come in your head  
Wouldn't hurt the brotha for anything in this world  
But damn I fell in love with his girl

My burnin' heart, heart, heart

My heart is burnin' you know it's yearin' for your sweet caress  
I lay in ecstacy as you kiss and rub my chest  
You know you love me why must you deny yourself  
What I can offer you yet you want somebody else  
It's not that well then girl what could it be  
I hope I'm good for you 'cause baby, you're so good for me  
Many nights I cried and tried to make this work  
Then acted fool and cool and cruel like a church

Well I'm sorry baby, I have to let you know  
You are my life my strength I refuse to let you go  
You are so beautiful, baby, you light up my life  
I close my eyes and dream that you'll become my wife  
Day in and day out it's you I pray about  
Don't lock the door to your heart and make me stay out  
I love you 'cause honey, you're like a work of art  
You got me on fire
