

# Us and the Night

## 3 Doors Down

Things that they say  
I'm so tired of games that they play  
Always pretending that they know what comes at the ending  
Well they brought the lies and believe there's no freedom  
We'll be the ones who can say we don't need them

Come on, come on  
Let's enjoy the ride  
Cause we only know what's inside of these lights  
And I wanna know what's on the other side  
And we'll keep on going until there's only us and the night

Some people pay to make us believe the things that I say  
But I don't  
What they don't know is we got so much more than we show  
They only want us to think that they're stronger  
Now we don't have to pretend any longer

Come on, come on  
Let's enjoy the ride  
Cause we only know what's inside of these lights  
And I wanna know what's on the other side  
And we'll keep on going until there's only us and the night

I've spent my whole life waiting for this day to come  
Now at last I see I'm not the only one

So come on, come on  
Come on, come on  
Come on, come on  
Come on, come on  
Let's enjoy the ride  
Cause we only know what's inside of these lights  
And I wanna know what's on the other side  
And we'll keep on going until there's only us and the night

Come on, come on  
Let's enjoy the ride  
Ooh, cause we only know what's inside of these lights  
And I wanna know what's on the other side  
And we'll keep on going until there's only us
