## **Creature Feature**

I wanna do what's right Be kind to every single body Open up to light Just let it flow through My body

But sometime's I'm unsure (2x) I tell my baby

I'm slippin' into darkness I'm creepin' into darkness I don't want to start this I'm attracted to darkness

Be positive with love Just see the good in everybody

But sometimes I'm unsure (2x) I tell my baby

There's something going on In my heart I feel it weigh me down So I reach up for Wide blue sky Try to pull it into The deep arc of my arms

I'm slippin' into darkness I'm creepin' into darkness I don't want to start this I'm attracted to darkness
