## Let Me Take Your Breath Away

I'll make your heart beat faster
I'll nock you from your feets
I'll bring my wii to up defences

I'll show you real emotion
Come give your soul to me
I'll take control of all your senses

Close your eyes Slowly drift away Come alive And let me take your breath away

Close your eyes Slowly drift away Come alive And let me take your breath away

## **4** Strings
