Can see the stars tonight Do you hear them calling Maybe the love into my life Like a brand new morning

This is how it's meant to be I just want you to belive All you need's already here in me

On and on and on it's a revelation
On and on and on like a deep blue ocean
Nothing to hide
We gotta' share their simple life
On and on and on, revelation

Can you feel the love tonight Do you share my vision, There's a party turn a light Like a new dimenson

This is how it's meant to be I just want you to belive All you need's already here in me

It goes on and on and on
It goes on and on and on
On and on and on
On and on and on it's a revelation
On and on and on like a deep blue ocean
Nothing to hide
We gotta' share their simple life
On and on and on, revelation
This is my revelation
