

Summer Sun

4 Strings

Far away from home
The place where i belong
When I close my eyes
I start to realize
Hold my breath
Trying to forget
Feeling so strong
A new day has come
(Summer sun)
(Summer sun)

Summer sun, keep me warm
Northern light
Come and dry my eyes
Summer sun

When I'm searching for belief
Has to put myself at ease
Every time I'm on the run
Find me summer sun
Find me summer sun
Far away from home
The place where i belong
When I close my eyes
I start to realize
Hold my breath
Trying to forget
Feeling so strong
A new day has come

Summer sun, keep me warm
Northern right, come and dry my eyes
Summer sun
Summer sun
Ooh oh
Find me summer sun
Ooh oh
Summer sun
