

## Both Of Us

4Lyn

Both of us love to live  
Both of us love to give  
Both of us are so alkie, it's scary!  
Both of us think we're free  
Both of us...Energy!  
Both of us...Extraordinary

What if I tell you there's no future here  
What if you fell the same 'bout you and me  
Fuzz and flightin' every night  
Both of us can't make ist right  
This will never work

Both of us want the same  
Both of us burst in flames  
Both of us got our expectations  
Both of us stopped to talk  
Both of us stopped our clock  
Both of us smile of desperation

What if I tell you there's no future here  
What if you fell the same 'bout you and me  
Fuzz and flightin' every night  
Both of us can't make ist right  
This will never work  
When our hearts are hurt
