

# The Grind

4Lyn

Turn your radio off  
Turn your video off  
Turn your stereo off  
And kick that shit out your window  
Hit the streets  
Feel these beats  
Cuz what I'm gonna show you  
Is exactly what you need!  
chorus:  
So, if you're with it - all night!  
Just admit it - alright!  
Cuz tonight is going down  
(Girls) Shake you're body!  
(Boys) Grab a hottie!  
(OH OH) Let's get naughty  
Everybody just grab somebody  
Now, everybody sing  
I'm gonna get it  
I won't let it  
Go for a minute  
As long as you are with it  
This ain't no trick or treat  
It's a stick up for sweets  
Where even crybabies get some (GET SOME!)  
We've got a common position  
A low inhibition  
And lots of ammunition, girl!  
chorus  
If you try to slow us down  
We show everyone around  
That there is no way you can stop us  
Cuz tonight we're scandalous  
Even cops can handle us  
Cuz tonight we're on the grind  
Chorus:  
So, if you're with it - all night!  
Just admit it - alright!  
Cuz tonight is going down  
(Girls) Shake you're body!  
(Boys) Grab a hottie!  
(OH OH) Let's get naughty  
Everybody just grab somebody  
Now, everybody sing  
I'm gonna get it  
I won't let it  
Go for a minute  
Everybody just grab somebody  
Now, everybody sing  
I'm gonna get it  
I won't let it  
Go for a minute  
As long as you are with it
