

# My Gun Go Off

50 Cent

Nigga, my gun go off

You see the barrell turnin'  
You feel the hollows burnin'  
Nigga now you learnin'  
Nigga, my gun go off

Call it attempted murder  
Nigga I'm trying to merk you,  
When I come back bustin'  
Nigga, my gun go off

Don't try to say I'm trippin'  
When I get to flippin'  
Then I smack the clip in,  
Nigga, my gun go off

We call it putting work in,  
Leaving niggas hurting,  
Homocide's learkin'  
My gun go off

F\*\*k Boy you can see it to believe it  
Tryna dodge and wave it end up a parapelegic  
Believe me its easy  
I'll hurt you, I'll merk you, I'll pop summin'  
Drop summin', I ain't gonna stop hunting  
Run run till you're spun  
One shot One gun  
One-9...  
1-1 emergency,  
It's murder, B  
It's excellent execution when I'm pulling the trigger  
No mistake for that cake  
I'm hitting you and your niggas  
Feel the flame when I aim,  
For the top of your brain  
See the spark and the bang,  
Nigga shit ain't a game  
Do the math or get blast  
Bullets go through the glass  
Go through your ass fast  
And the leather seat sitting Ave.  
Its not a war when there's casualties on one side  
I ride  
Turn it up on you niggas after Jake ride by  
I click-clack thats that I don't flash, I mash  
I wave the Uzi at 'em,  
I make a movie out 'em.

Homocide's learkin'  
My gun go off

You better lose yourself in the moment  
Use it, F\*\*k the music I'ma let it go  
You only get one shot before I back out and fire back  
At you hat, you back, you ass crack, you nut sack.  
Your Cadillac if you make it to that,  
I'm hitting that  
The 70's was smack  
The 80's crack.  
The 90's was grimey  
Millennium mac man  
Clips on the whips I ride in 'em  
Bad bitches I ride inn 'em  
Don't worry I'll get 'em  
Gat Jammed or un-jammed  
God dam Safest the safety don't work  
Squeeze the eagle, it chirp.  
End up faced down in the dirt  
More than hurt,  
Bring the beef where you hang out,  
Bang out,  
Shots ring out.  
Hit your shoulders trying to blow your brains out.  
Hit your homies in their legs,  
Bet they have their canes out tomorrow  
You know tomorrow's just a day away,  
If you can keep your heart beatin' then your ass awake.
