Living this close to the bone I can't get home
Um, no just panicking
Did you hear the phone?

Bone China

No, no

Christ this is not smart

I would think you'd be happy To be reminded of where Your body is in space But you don't seem to care

Bone China

No, no

Christ this is not smart

Last gasp nymphomania Somehow desexualized Gonna wash that man right out of my head

And soap him into my eyes
And soap him into my eyes
