

God...?

I'm not quite sure in what I believe

Should I follow you, or him?

He promises me the world, a whole life

Just join hands and let us follow the evil

Oh God, oh no God have mercy!

Forgive me

The prince of darkness!

Come my children

Time is getting late

And space is getting bounded

It's time to enjoy your sins

Just look up to the man in the mirror

And come..

From out of the shadow

Into the light

I guide you to a place on earth

Where you have never been before

I stimulate and activate your brain

Adrenaline is floating through your veins

Do you reach out for the climax?

Wanna touch the sky?

The sky is the limit

You can't leave the circle of insanity or serenity

Do you have faith in the Lord above?

Do you want to be free?

Release yourself and follow me

The prince of darkness, the prince of darkness

The prince of darkness

The prince of darkness

God...?

I'm not quite sure in what I believe

Should I follow You, or him?

He promises me the world, a whole life

Just join hands and let us follow the evil

Oh God, oh no God have mercy!

The prince of darkness

The prince of darkness

The prince of darkness

Forgive me.
