

Stutter Steps

764-HERO

It's the stutter step to put out the cigarette
And you're cranin' your neck so you will not forget

It's the interstate that is crumblin'
Under your V8 and AM mumblin'

Gettin' over it is overrated
Gettin' over it is overrated

And you're drawin' horns on your polaroid
And securin' your place with the unemployed

And the stutter step to light up the cigarette
And you're cranin' your neck so you will not forget

Gettin' over it is overrated
Gettin' over it is overrated

It's what you choose in the wet cement
Either way it's only sediment
