

Worship Jesus

7eventh Time Down

Savior, I come
I give You my songs
I give You my soul

Nothing compares to the life that You shared
Or the beauty of Your majesty
Your mercy always welcomes me
You've set me free

I will worship Jesus
With every breath I take
I will follow Jesus
With every step I take

I believe in Jesus
Creator of all things
The whole world's about to change
You're bigger than a name

Redemption poured out
From the wounds on Your brow
How wonderful Your love for me
The glory of the risen king
Has set me free

Let this be our anthem name
Hear our voices crying out
Holy is Your name
Holy is Your name

You are holy
