

## Kick It All Away

8 Foot Sativa

Danger on your doorstep, get the red carpet out  
Get the floor swept, turn the volume to full  
Feel the adrenalin pull prepare to break every rule  
Just like a raging bull

Charging through your gates  
Petrol tanker with no brakes  
Bringing in fuel to burn  
Battling whom it may concern

Kick it all away  
Kick it all away

Just like ice it makes you feel cold  
Hammering till you fold  
Damaging dismantling  
Exsistance going uncontrolled
