

Pickin no sides and walkin the fence  
talkin your shit with no consequence  
you ratted out your boys, you got no heart  
never had a backbone right from the start  
(chorus)  
cuz you played the game, you cheat to win  
you're cards been pulled, you'll get done in  
made your bed, now lie in it  
eye for an eye man, you'll pay for it  
always got a story but never got a stance  
always spittin lies, same old song and dance  
(chorus)  
traitor-rat you got no fucking spine  
your lies are out, you're runnin out of time  
you hide behind a wall of coward's fear  
you fooled em all but now it's fuckin clear  
scumbag - deserve no respect  
scumbag - deserve what you get  
scumbag, scumbag, you're gonna get yours  
out the back door now you try to run  
don't wanna pay for what you fuckin done  
what the hell is going through your head  
now you got me seeing fuckin red  
(chorus)  
now it's your turn
