

It's a sad affliction causing me restriction  
This isn't what I wanted to do  
I just cant belive it I would like to leave it  
And get into something new  
Just about to lose my mind  
Working just drives me wild  
Watch out for me now cos

I'm alive I'm alive I'm alive

Don't like pretty bureaucracies and detentions  
Don't wear those funny clothes  
Get into schemes or pensions  
Do the same thing every day  
I cant stay up to late  
Watch out for me now cos

Stuff you in a pakage send you  
Flight inter-continental  
Your not having me that stuff  
Just drives me mental  
I'm gonna stay right here  
Aint got nothing to fear  
Watch out for me now cos

I'm alive watch the clock  
I'm alive sitting here  
I'm alive fall asleep  
I'm alive loads of sheep
