

# You Be Tails, I'll Be Sonic

## A Day to Remember

I'm a mess  
That's the best way to describe it  
Having no time to myself is the only way I can fight it  
When I'm alone it's like I'm staring into a mirror  
Don't know the person inside it and that's never been any clearer

I miss your family and I miss all our friends  
If you had it to do over would you do it over again,  
Cause I would, this meant something more to me  
There's a hole in my heart where you used to be

I still wish you the best of luck, baby  
And don't go thinking this was a waste of time  
I couldn't forget you if I tried

You killed what was left of the good in me  
I'm tired so let me be broken  
Look down at the mess that's in front of me  
No other words need be spoken  
And I've got nobody else to blame though I tried  
Kept all of our past mistakes held inside  
I'll live with regret for my whole life

I confess that I brought this all on myself  
Condemned to suffer alone, like there's nobody else  
When you're gone, it's like a whole part of me's missing  
So I'll keep living the lie and just hope that you're listening

I tried to make us a life here  
But our foundation was built on sand  
No time to run until the damage was done  
And I've never had the upper hand

I still wish you the best of luck, baby  
And don't go thinking this was a waste of time  
I couldn't forget you if I tried

You killed what was left of the good in me  
I'm tired so let me be broken  
Look down at the mess that's in front of me  
No other words need be spoken  
And I've got nobody else to blame though I tried  
Kept all of our past mistakes held inside  
I'll live with regret for my whole life

All the things you love are all the things I hate  
How did we get here in the first place?

I play it cool but it's hard to be (All my trust)  
Is slowly burning inside of me (Over what)  
There can't be anymore progress, I know our fate  
The only thing that can heal this is time and space

You killed what was left of the good in me  
I'm tired so let me be broken  
Look down at the mess that's in front of me  
No other words need be spoken

And I've got nobody else to blame though I tried  
Kept all of our past mistakes held inside  
I'll live with regret for my whole life  
For my whole life
