## **The Proles**

**A Global Threat** 

today i quit my job its time to have some fuckin' fun cause work is the worst and i come first you know i'm not the only one my life is my own so keep your money i've got friends so i don't need it fuck your fucking corporate world it won't dictate how i lead it we're the proles, we're everywhere we're the proles, now we don't care fuck you jobs, and fuck your pay they're not worth it anyway everyday you look down on us treat us like a piece of shit but who will dig your fuckn ditch when all the proles have fuckin quit? time to think your business over don't ever look the working class if you treat us all like whores there's no way that you can last
