

Somebody

A Life Divided

Free from the ground
I feel
Don't think about
Just feel high as a cloud
I feel
Don't look back down
Now I'm real

Somebody told me how to fly
Somebody showed me
How to get away with it
Somebody taught me how to hide
Somebody healed my thoughts
From getting sick

Nothing's around
I feel
No borders and bounds
I'm free
No minutes to count
I'm free
Free from the ground
I feel

Somebody told me how to fly
Somebody showed me
How to get away with it
Somebody taught me how to hide
Somebody healed my thoughts
From getting sick

Somebody told me where to go
Somebody showed me
How to get away with it
Somebody told me
He's been told
Telling me
That I should get away with it
