

## First Kiss

## A Rocket to the Moon

I pulled up to her drive  
I tightened up my tie  
And I'd hate to make her wait  
No sleep from the night before  
Her dad answers the front door  
And already knows my name

I stand in fear  
As she gets near  
Then everything's okay  
I hope this feeling never goes away

I never thought  
I'd find a love like this  
There's no need  
To hide that feeling we get  
Whenever we touch  
We can't resist  
We go back to our first date  
Our first kiss

Her face lit by the movie screen  
She's leanin' into me  
And time seems to slip away  
Later on we take a walk and  
Good thing she likes to talk  
'Cause I can't think of what to say  
She looks at me  
And she can see  
The chance I wanna take  
She moves in closer  
Takes my breath away

I never thought  
I'd find a love like this  
There's no need  
To hide that feeling we get  
Whenever we touch  
We can't resist  
We go back to our first date  
Our first kiss

Every time feels like a first time  
And looking back on what we had  
It never went away  
She still makes me feel it everyday

I never thought  
I'd find a love like this  
There's no need  
To hide that feeling we get  
Whenever we touch  
We can't resist  
We go back to our first date

I never thought  
I'd find a love like this

There's no need  
To hide that feeling we get  
Whenever we touch  
We can't resist  
We go back to our first date  
Our first kiss
