

Anastasia

A Silent Film

Do you remember what you used to be
Do you remember how you used to feel
Now you're pushed and shoved and made to fit the mold
like a rounded peg you're forced in a square hole.

Run away now, Anastacia (woo)
Don't regret a thing
Run away now, Anastacia
You wont regret a thing

You used to talk about the consequences of love
You used to read between the creaky bows
Where in the sands you sweat into the cold
You are a rounded peg, forced in a square hole

Run away now, Anastacia (woo)
Don't regret a thing
Run away now, Anastacia
You wont regret a thing

Ask yourself
Is this what you wanted
ask yourself
is this what you wanted

Leave it all and go

You wont regret a thing if you go and leave now

Run away now, Anastacia (woo)
Don't regret a thing
Run away now, Anastacia
You wont regret a thing
