

# Let It Out

A1

You said you need a groom this evening  
I told you I'm leaving  
Till you begged me to stay  
You got your high heels on to tease me  
You promised to please me  
Then you take it away

The fire is fading baby stoke it up  
And let it roll up your sleeves  
Why can't you tell me that we're breaking up  
And that I need space to breath

If you can't wait any longer  
Let it out  
Let it in  
If you think time will make you stronger  
Let it out  
Let it in

Let it in

You used to keep me up till the morning  
Keeping me warm untill I had to be gone  
And now you can't find a room in your head  
You see you got out of bed  
Well that my coffee ain't on

The door was open do you locked it up  
And then you threw out the key  
Why can't you tell me that we're breaking up  
That I need space to breath

If you can't wait any longer  
Let it out  
Let it in  
If you think time will make you stronger  
Let it out  
Let it in

Let it out  
Let it in  
I can't wait  
Let it out  
Let it in  
I can't wait

If you can't wait any longer  
Let it out  
Let it in  
If you think time will make you stronger  
Let it out  
Let it in

Let it out  
Let it in  
I can't wait

If you can't wait any longer  
Let it out  
Let it in  
If you think time will make you stronger  
Let it out  
Let it in

Let it out

No I can't wait  
Till you let me in  
I can't wait

No I can't wait  
You got to let it out
