This Ain't What Love Is About

Wherever we go,same old story Say you can't take no more and you wanna go home I give up, I don't know, just how to keep going When I see tears roll down your face...oh no

Oh you got me going round and round Yeah you got my life and turned it upside down

You make it going round and round in circles Going down down We keep talking bout the same old things We keep covering the same old ground Yeah we keep going around and I got to get out This ain't what love is about

The clocks keep on turning The days come and go I think of you and know I can't let your memory go,ohh

Oh you got me, help me off the ground Yeah you got my life and turned it (mark) upside down (repeat chorus)

There's one way to cross this river But I don't know if I can deliver I feel broke im down on my knees We can't go on like this

Yeah we keep going around and round in circles Going down down We keep on talking bout the same old things We keep covering the same old ground (repeat) This ain't what love is all about Oohhh woooh...ooohh woooh Yeah This ain't what love is about I know, I know...no no no no This ain't what love is about Ooohh wooohh ...wooooh oooh yeah Oh girl.
