

# Empathy

Ab-Soul

I got seven hundred dollars from my last show  
And I would spend it all on you  
So baby won't you fall on through  
Empathy... Empathy...  
Empathy... Empathy...  
It's been a little while since the last time I saw you  
What's up with you and ol' dude  
I hope everything is all cool  
Empathy... Empathy...  
Empathy... Empathy...

Can you feel, what I feel  
When I feel, What I feel  
Empathy... Empathy...

Lady if you would just give me the time  
You could just leave all your problems behind  
You got a past, but that's in the past  
And we all know that, you can't press rewind  
I understand, where are you and  
I lend you a hand, if you wanted mine  
Pamper you and stand for you  
The man to, make everything right

I guess things ain't going as well as you expected  
But baby don't stress it, I hope you learned a lesson  
Empathy... Empathy...  
Empathy... Empathy...  
I tell you I've been down that road before  
If anyone can feel you then it's me  
So won't you let you garments hit the floor  
And let me let you feel me  
Lights please, lights please  
Light-skinned, mighty fiesty  
Oh oh, I see, I see  
You like me too

Can you feel, I feel, I feel  
Empathy
