

## Evil Genius

Ab-Soul

That's just a snare, don't be afraid of the snare

I'm an evil genius, disobedient, villain you hate to love  
Mischievous, mysterious, miscellaneous  
Used to make love to complex simplicity all the time  
Now she my star and I'm her sky and I ain't afraid to die  
I don't give a f\*ck!  
I'm Young Mind (I don't give a f\*ck)  
I'm Young Mind (I don't give a f\*ck)  
I'm Young Mind (I don't give a f\*ck)  
I'm Young Mind (I don't give a f\*ck)

Indecisive, enlightening, frightening idol with the light  
Sensitive Eye of the Tiger, fire flame  
Dylan times 5 by the way  
Skydiving tidal waves  
Writing rhymes and oxygen  
Scribing, sound and silently  
That inspired men and brightening environments  
That I have not been in  
Obviously opting not to sing songs in sobriety  
Subsiding the poison imploding our society  
Functioning addict with clammy hands  
Leaking my paraphernalia everywhere  
Told Lori I'll never do coke again, but she did what she did  
And I'm here again, I ain't pointing no fingers  
I'm still a man  
No, I'm more than that  
You would know if you scrolled through my older tracks  
I'm just the Romeo mourning his Juliet  
Hadid incomplete without Lou Reed  
And do me a favor and save all that satanist shit

You pagans gone pay for this shit  
I studies theology, ancient philosophy  
Astronomy, astrology the current state of the economy  
Washington D.C, fossils and dinosaurs  
The origin of our species  
Monatomic gold  
Flowers grown in feces  
Christ Conscious, Pishon, mocking Jesus  
The chicken came before the eggs, the thesis  
I bet she's an evil genius

Disobedient, villain you hate to love  
Mischievous, mysterious, miscellaneous  
Used to make love to complex simplicity all the time  
Now she my star and I'm her sky and I ain't afraid to die  
I don't give a f\*ck!  
I'm Young Mind (I don't give a f\*ck)  
I'm Young Mind (I don't give a f\*ck)  
I'm Young Mind (I don't give a f\*ck)  
I'm Young Mind (I don't give a f\*ck)  
I'm Young Mind f\*ck  
I'm Young Mind f\*ck  
I'm Young Mind f\*ck  
I'm Young Mind f\*ck

Heaven is missing its angel of light  
Passion is thinner and Eros is near on this side  
Heaven calls for you after you die  
Awake past my lifetime for you to reside  
You be my star  
I'll be your sky  
You can hide underneath me and come out at night  
And when I turn jet black and you show off your light  
I live to let you shine  
I live to let you shine
