Ab-Soul

6:19 In the morning nigga  
Let me start off with this statement  
I'm the motherf\*cking greatest  
I ain't even have too many haters  
All my niggas knew I was gon' make it  
From performing at Pep Rallys, showcases, talent shows  
That I had to sell tickets for, just to get up in that ho

Now raise your hand say Soulo Ho!  
Raise your hand say Soulo Ho!

I'm rolling up in the tour bus  
Just rolling up in the tour bus  
Free said put the weed out they don't play that in Virginia  
But I'm finna continue, pass the tri to my nigga Tone  
Couldn't find a fire but this far from home  
But we still trying, I mean we still chiefting  
She thinks it's cool, she took a puff, she still freaking  
I popped a bean, fell asleep, woke up, and started thinking

Man this shit pays hanging in the house of fame  
Now we sipping champagne on the motherf\*cking plane  
Cause they Feeling Us, they Feeling Us  
They Feeling Us, are you Feeling us?  
They Feeling Us, they Feeling Us  
Are you Feeling Us?

Cause everywhere I go, man I swear they know my name  
Make your girlfriend cry when she see me walk by  
Cause they Feeling Us, they Feeling Us, they Feeling Us  
Are you Feeling Us? They feeling Us, they Feeling Us  
I know you feeling this shit!  
They Feeling Us, they Feeling Us

Yeah I'm liquored up, this a celebration  
Tde the shit, thanks to all you haters!  
I'm Jay Rock, yeah the OG, me and Soulo blowing OG  
Hit the stage, then beat the case, then get the cake, then burn trees  
Shake hands, kiss babies, show love, throw 3s  
I was on the block with a quarter key, like what the f\*ck is a 16?  
I was so anti-social, nigga wasn't outspoken  
Till I picked up a mic, story of my life!  
Uh, came with the piece so keep the peace  
Uh, I ain't tryna hurt nobody  
I ain't sweating no vendetta, champagne on my breath in the hotel lobby  
You feel me? Damn right you feel me!  
Got the massage she feel me and them paparazzi feel me

Man this shit pays hanging in the house of fame  
Now we sipping champagne on the motherf\*cking plane

Making a way for my homies, making it easy for my family  
So mama don't frown no more, mama don't frown no more
