

Womanogamy

Ab-Soul

The goal is not to...uh...make my cup full

"What's the goal? What's the ultimate goal..?"

One wrong move in this muthaf**ka

Look, I got two baby mommas

But I ain't got no kids. Nah, I'm f**king with you

They my lesbian friends

Real shit, they been together for over a few years

Everytime I smell the sage burning man I think of them

Jade wanna be a surrogate and carry my kids

I'd probably give Lonnie cash if she will really lemme hit

We think she Nefertiti and I believe it

? said she turned gold in her DMT trip

Cause I like girls that like girls thats in love with me

Just promise me you'll remain anonymous

She said am I faithful

I said I'm womanogamist

Womanogamist womanogamist

She asked am I faithful

Womanogamist

I'm a pisces

I got Aphrodite in my back pocket

On the ring of my keys

Hope her and her son Eros

Get where they supposed to go

They playing tug of war with me

And I can't bend no more

I'm too emotional for that
But I don't show it
If I'm two fishes tied by the tail
Then where am I goin
Hold that thought, next scene
Shit, it would be the morning
I give her morning wood then roll my wood up in the morning
Finesse this flow from Lucki Eck\$
I'm finger f**king mother earth
Put my thumb up in her butt
Then roll like a was bowling
Getting comatose and high
They on my pole 'cause I told them
I guess if you was ? you would know it
Christ died at 33 and she at 33
And she was born on two eleven, that's a robbery
She done stole my heart from me

Cause I like girls that like girls thats in love with me
Just promise me you'll remain anonymous
She said am I faithful
I said I'm womanogamist
Womanogamist womanogamist
She asked am I faithful
Womanogamist
