

# Little Birdie

Abigail Washburn

Two little birdies all in the nest  
One little birdie just a-takin his rest  
Other little birdie jumps in the sky  
Fly little birdie oh fly!

CHORUS

Little birdie why you fly so soon?  
Little birdie why you fly so soon?  
Has your mama been gone too long?  
Has your mama been gone too long?  
Crocodile waitin by the riverbend  
Hasn't had a meal since I don't know when  
Lookin down low, lookin up high  
Little birdie tumbles from the sky

CHORUS X2

(Little birdie, little birdie; little birdie, little birdie)  
Croc says, "Little fella don't you know  
It's dangerous in this world alone.  
Tales your mama tells are real  
Now you're going to be my evening meal."  
Just then come the sound of wings  
Momma grabs her birdie and flies.....

CHORUS

Has your mama been gone too long?
