

Send the Ninth Plague

Ablaze My Sorrow

The void, the dark
The ninth plague is here
they run they hide
but darkness is everywhere

The void, the dark
The ninth plague is here
they see the end
as they cower and run in fear

Walk the abyss
Walk the nothingness
Wander the nightshades
Send the ninth plague!

The void, the dark
The ninth plague is here
they run they hide
but darkness is everywhere

The void, the dark
The ninth plague is here
they see the end
and cower try to run in fear

Walk the abyss
Walk the nothingness
Wander the nightshades
Send the ninth plague!

In the dark all things are
In shades of grey
No light, no color
No hope

The void, the dark
The ninth plague is here
they run they hide
but darkness is everywhere

The void, the dark
The ninth plague is here
they see the end
as they cower and run in fear

Walk the abyss
Walk the nothingness
Wander the nightshades
Send the ninth plague!
