

The Alienation Of A Blackened Heart

Aborym

A rollercoaster ride to a (cold) place of death
The utmost self-searching journey
And I can feel it in the air
Everything is turned upside down and inside out
The chaotic, strangled inner glow
From dead, empty lifeless eyes
Snot, tears and fucking misery

Dodens kolde satans guf's
C jennom marg og bein. Feber I en dypf'ryst s jel
Fra fleinsoppens og helvetes k jetting - lenker

"et langt skritt til himmelen
Et lite steg fra helvete"

My darkest thoughts haunt me
(and) I am trying to hide
But I don't know how
Twisting like a fucking worm
I see the soul in your eyes
I see through you...
Distrubing flashbacks
A rusty machine in a mechanical void

(But the doors are still open...)
Dodens kolde satans guf's
C jennom marg og bein. Feber I en dypf'ryst s jel
Fra fleinsoppens og helvetes k jetting - lenker
