

Pinworms

Abscess

dont know why but out they come
steaming squirming from your bum
squiggling biting at your anus
slick and slimey long and heinous

pinworms
snacking on your tortured ass
you try to kill them with a glass
break the bottle on the floor
jab it deep through your back door

pinworms
bleeding worms writhe in your hole
twisting through the flesh ripped open
gaining strength from flowing blood
new eggs hatch, release the flood
