

# Vampire

Absurd

Will return  
I'm a creature of the night  
I am a vampire  
And I bite  
At night I will come to your house

Lay me into my grave  
And close my casket  
To save yourself

I will bite into your neck  
To suck your blood  
Out of your vein  
Soon you will be dead

Lay me into my grave  
And close my casket  
To save yourself

Stick a pale into my heart  
Then you have saved of your life just a part  
Hear my evil symphony

Lay me into my grave  
And close my casket  
To save yourself
