Antother day in my side, I'm living the star life  
Picture me strollin that louis bag and fresh nikes,  
And many nights I pray right, that sleep tight  
With many vision I'm now living that lime lite  
They could'ntpicture me dead and preaching that man christ

As I'm becoming the man walk me through life,

For the youngin promise I'm a see a meal twice,
