

She Got It

Ace

Baby all bets on you and I
Know I can't lose with you
Got me wide open tonight
Babe, it seems certain that I
Know she wants to do
Get me up in my room
Got no real reason why I
Do all the things that I do

She's so fly, project life
Gotta borderline
My shorty is...

Classy and wild
She got it
Ghetto with style
She got it
Take care of a child
She got it
Anything, my baby
Well, girly, you know you got it
Bubbles and suds
She got it
Love for a thug
She got it
I was in love
She got it
Anything, my baby
Well, girly you know you got it

A day in the life of you and me
A damn good thing to show
Like we're on BET
Just the way we ball and do things
Haters enjoy the show
All my real players they know
The girl is like 'whoa' to see
Check her biology

She's so fly, project life
Gotta borderline
My shorty is...

Classy and wild
She got it
Ghetto with style
She got it
Take care of a child
She got it
Anything, my baby
Well, girly, you know you got it
Bubbles and suds
She got it
Love for a thug
She got it
I was in love
She got it

Anything, my baby
Well, girly you know you got it

She's so fly, project life
Gotta borderline
My girl's got it

Classy and wild
She got it
Ghetto with style
She got it
Take care of a child
She got it
Anything, my baby
Well, girly, you know you got it
Bubbles and suds
She got it
Love for a thug
She got it
I was in love
She got it
Anything, my baby
Well, girly you know you got it

All my girls got it
Ronnie's got it
Fifi's got it
Katima got it
Karima got it
Alicia got it
Faith has got it
Missy got it
Kelly got it

All my girls got it
All my girls got it

Anything, my baby
Well, girly, you know you got it
