

# My Soul's Among The Lions

Acid Drinkers

Allright...

Where were you yesterday night?  
At the club, my eyes were spying  
Your footprints are on the site  
I can't see your body lying

What is that got you scared?  
Locked inside your silent hell  
Cruel deeds never to be shared  
Do they make you wanna yell?

What happend here last night?  
You were out, I heard your cry  
Did it get too rough to fight?  
Did it once again! But why?

She said:  
I'm burning - my soul's among the lions  
She said:  
I'm dying under their power  
She asked:  
Can you get me out of here?  
I said:  
No way, you're lost my dear  
You are lost...

She said:  
I'm burning - my soul's among the lions  
She said:  
I'm dying under their power  
She asked:  
Can you get me out of here?  
To save the rest of me...  
No way!  
You're lost my dear...
