

Swedish Hearts

Acid House Kings

Don't be fooled by looks,
I'm not that sweet
Behind manners and smiles,
Intentions are all the worst kind

Don't be fooled by dreams,
I'm not that sweet
I got habits and needs,

Don't give me time
Love pass me by
The feeling I can't relate 'til I want to hate you

Don't mind if I be unkind
You should know by now
I want to be on my own

Every second around here
That's when you throw your life away
I'm not kidding when I say
You got to leave this someday
