

## The Camera

Acid House Kings

The camera lets it show  
You have stayed long  
Nothing slips you by  
As you watch them  
Counting down to zero

You gotta let it go  
'Cause people see you grow old  
When beauty turns to pain  
And they're laughing  
It's not your game

This is where it stops  
This is the end  
Once a rising star

Now decent  
Going back to nothing

You gotta let it go  
'Cause people see you grow old  
When beauty turns to pain  
And they're laughing  
It's not your game

You gotta let it go  
'Cause people see you grow old  
When beauty turns to pain  
And they're laughing  
It's not your game
