

# Auschwitz Rules

Ad Hominem

Crowded like animals  
You're the waste of existence  
Doomed to ignorance  
You'll disappear in shame and pain

The spectre of Auschwitz is haunting your minds  
It didn't forget you were born to suffer  
And we, ruling over your insipid lives  
We'll raise our weapons and you will return to the past

The proof of your decay, Auschwitz didn't go away  
You will know the agony of your carnal hypocrisy  
Burn in the flames of hatred, be forgotten in the sphere of silence  
Forever now you will be nothing but an empty page of history

Auschwitz rules over the torah  
Auschwitz rules over the coran  
Auschwitz rules over the bible  
Auschwitz rules over you bastards
