

## Death & Cunt

Ad Hominem

It is the termination  
Of our carnal life  
Cold and wet  
No one ever came back

It is the departure  
Of our carnal sin  
Warm and wet  
All have explored it

Inescapable vortex  
Font of relief  
A poison for flesh  
A fountain of youth  
A new race for a new world  
The fourth dimension  
Humanity is doomed  
From cunt 'til death

Death and cunt  
Rule the world

Praise our lords  
Hail our masters  
Death and cunt

When the earth  
Starts to collapse  
When believers  
Are filled with sorrow  
When your pathetic Gods  
Cry blood  
I shall be crowned  
In lust and rot
