As my final call Sounds the charge ...to war

I hate the universe and everything inside
I detest all I see, nothing pleases my mind

Execute them all
It's my final war

I hate the sight of you, fashion fake Joke
I detest every man who cannot stand
Alone

Execute them all
It's my final war

As my final call Sounds the charge ...to war

I hate the tales you tell, I don't Believe a word I detest the stuf you sell, I'll hunt You around the world

Execute them all
It's my final war

When my days are numbered you'll hear My final call I'll take their lives away, I'll execute Them all

Execute them all It's my final war

Execute them all
It's my final war
